## **El Dorado Hills CSD Awards Contract to Build Lake Forest Village Park**

EL DORADO HILLS, CA – The El Dorado Hills Community Services District Board of Directors on Thursday awarded the construction contract to build Lake Forest Village Park to Hemington Landscape Services, Inc. of Cameron Park. The contract amount is \$1,114,404.

The project start date is April 5, with an anticipated completion date of June 30. Because this is an aggressive construction timeline, some improvements may not be open by that date.

The CSD Board also approved a contract of \$71,563.95 with Miracle Equipment Company to provide play equipment for the Lake Forest Village Park playground. In December, CSD staff held a workshop at Lake Forest Elementary School in which more than 300 participants helped select the playground equipment and design.

In addition, the Board approved a \$37,794.41 contract with Romtec for a restroom building to be installed in the park.

The Lake Forest Village Park site is 9.76 acres located on Francisco Drive north of Marina Village Middle School and the EID facility. The District will develop approximately 5 acres, leaving most of the native oak woodland. Improvements will include tennis courts, a sand volleyball court, bocce ball court, playground, picnic area, exercise course, nature trail, and a permanent restroom. For more information, contact the El Dorado Hills CSD at (916) 933-6624.

###

The El Dorado Hills Community Services District provides parks and recreation programs, administers franchise agreements for cable television and curbside refuse collection, enforces covenants, conditions and restrictions (CC&Rs) and conducts design review.
